

Haikus (2017 collection)

Closed

Thrown into the dark
Alone, inclosed, afraid
Do they know I'm gone?

Fears

She was "put to sleep"
I wasn't there, I'm never
Again another

Ice

On the ice she glowed
It glistened beneath nimble feet
She plunged in, cold alone.

Molly

Since the age of one
You were by my side always
Here through thick and thin.
