

## One Night

In the heart of the city, under the neon lights,  
our paths crossed, igniting endless nights  
of fun and laughter and gentle kisses.  
We trade our deepest secrets,  
knowing they will die with us.

No names are spoken,  
no numbers exchanged.  
We just enjoy each other's company  
for as long as this night will allow,  
before parting ways  
as the sun cuts through the dwindling dark.
