

It's a Cliché

Bitch don't kill my vibe!
Nobody is ever too old to dream.
Your only limit is your mind,
so believe you can and you will!

Wake up. Kick ass. Repeat.
It's progress, not perfection,
because mistakes are proof
that you're trying.

Yes, life is a bitch,
full of mind-numbing crap.
But never give up.

Bold and soft, fierce yet kind.
I am remarkably made,
here in this moment
doing hard things.
I am enough.

Life is beautiful,
and your attitude shapes the world.
Create your own sunshine.
Here comes the sun,
full of positive vibes
reminding you to never stop dreaming!
