

Once in a Blue Moon

That "perfect guy" comes around
once in a blue moon.
He's the guy who
Bites his lip
after checking you out.

Tells you he likes you.
Smells of Versace cologne.
He's the guy who
Gets lost in your stormy eyes.

Let's you run into his strong arms
when you are scared.
Makes you laugh
when you're crying.

He's the guy who
Makes you feel like
the only girl in the world.
'Tells you everything
will be okay.

Gives you a Blue Orchid mimicking his eyes.
Hugs you from behind.
Gets nervous around you,
when mentioning a kiss.

He's the guy who
Melts your heart with his melodic voice.
He's the guy who
'Teaches you by getting behind you and caressing your hand.

He's the guy who is taller than you,
and you like that.

He's the guy who
Adores you for you.
He's the guy who completes you,
That "perfect guy"
only comes around
once in a blue moon.
