

Dr. Facilier

Flipped
Folded
Fate!

Seventy-Eight in all,
only three required for you.
Define your past,
present,
and your future as well.

I tell all.
No trick of the light,
nor slight of hand.

Thirteen!
Transition through life.
Inevitability of death,
at ones door.

You may take a chance,
if you dare.
Or keep fate hidden from view
All is up to you.

Take a glimpse at your future.
Be warned,
for fate!
lies with me.

Now go ahead,
I'm eager to shine.
Flipped
Folded
Fate!
Is it true?
Maybe.
